Western culture is increasingly polarized and Christians often feel they are under siege by the dominant secular culture compounding the problem is that Christians cannot agree among themselves how to respond to a culture that is increasingly post-Christian. The authors have observed five basic responses by Christians to this feeling of exile: 1. Assimilation and acceptance of the new cultural norms; 2. Withdrawal from cultural engagement; 3. Anger directed toward society and toward other Christians who don't see the issues as they do; 4. Fear; or 5. Seeking power to take back the culture. Scripture calls us to a different way speaking into the world with a new voice. Micah calls us to seek justice, love mercy, and walk humbly with God. Jeremiah calls us to seek the good of the city and Jesus calls us to be salt and light while knowing that in this world we will have trouble. In short, we are to engage the culture we live in as disciples of Jesus but how practically is that done? In this book, the authors look carefully at the lives of twelve biblical characters who also lived in challenging times for guidance in navigating our post-Christian world, rejecting assimilation, withdrawal, anger, fear, and power seeking. We are challenged today with the ancient words of Mordecai to Esther: Who knows whether for just a time as this you have come to this position in your life?

In the fifth century B.C. a beautiful Jewish girl named Esther becomes the Queen of Persia and discovers God's purpose for her life when she courageously saves her people from death at the hands of the evil Haman.

there is another purim story out there a richer deeper narrative more suited perhaps to the eyes of an adult than to those of a child but in order to see that story we need to let go mentally of everything we thought we knew about the book of esther and read her tale anew as if for the first time we need to allow ourselves to be surprised by it you don t have to be a rocket scientist to see the surprises you just have to read with open eyes remember that game you sometimes played when you were young what s wrong with this picture there would be a nice forest scene complete with flora fauna sky sun and clouds at first everything seemed normal but if you looked closely you would find that little things were askew there was a toaster plugged into a tree or a shadow was out of alignment with the sun in this book we are going to read the book of esther as if we were playing that game everything seems simple and straightforward but then you start to notice the toasters plugged into the trees the picture that seemed so simple so innocent and so childlike suddenly seems vaguely unnerving and out of kilter the sun is out of alignment with the shadows these surprises are clues they are guideposts that illuminate a deeper story one that lies just beneath the surface of the text if we piece together enough of these clues we will end up glimpsing the hidden face of the book of esther a three dimensional story of stark emotional power and spiritual import
